(**) In case of New Jeevan Suraksha – I (Plan 147) and New Jeevan Dhara – I (Plan 148), bonus rates are per thousand Cash Option. In case of Jeevan Madhur (Plan 182), bonus rates are per thousand death benefit sum assured. In case of Jeevan Amrit Plan, bonus rates are per thousand premium(s) paid.

b) The above reversionary bonus rates are applicable for policy year entered upon during the inter valuation period i.e. 01/04/2020 to 31/03/2021 and in force for full sum assured as on 31/03/2021. It would apply to policies resulting into claims by death or maturity (including those discounted within one year of maturity) or surrendered on or after 01/01/2022.

c) In case of Jeevan Amrit (Plan 186), once the partially paid-up policy gets revived, the reversionary bonuses under such revived policy shall be calculated as if the policy was in force since inception treating the premiums received at the time of revival as deemed to have been received on their respective due dates of payment.

d) The above interim bonus rates are applicable to policies in respect of each policy year entered upon after 31/03/2021 and result into claims by death or maturity (including those discounted within one year of maturity) or are surrendered during the period commencing from 01/01/2022 and ending 9 months from the date of next valuation.

e) No cash bonus has been declared in respect of New Jeevan Akshay - I (Plan 146).

f) For General Annuity / Pension policies (Plans 147, 148, 169, 812 & 818), the bonus rates are applicable only during the deferment period. The bonus rates in case of Plan 147 & 148 are not applicable for policies exiting by death during the deferment period. However, cash value of bonuses is payable in case of surrenders during the deferment period.

g) No bonus has been declared for any other General Annuity or Pension plans.

h) Policies issued by erstwhile insurers: In respect of policies issued by erstwhile insurers on or before 19/01/1956, the rates of Simple Reversionary Bonus would be as shown below, on the basis of the respective bonus group indices. It may be noted that the bonus rates for policies with Group Index 0 to 9 would be the same as that applicable to policies issued by the Corporation (Group Index 10), for the Valuation as at 31/03/1986 onwards.

(i) With profit policies transferred from the UK, Fiji & Mauritius Branch Registers and also those from LIC (International) BSC (Closed) will be allowed bonus at the same rate as applicable to corresponding plans on Indian Registers. Such transferred policies for which no corresponding plans exist on Indian register will be allowed ₹5 less than last declared rates for sum assured less than or equal to ₹1 lac & ₹4 less than last declared rates for sum assured greater than ₹1 lac for such policies.

3. VESTING OF BONUS

a) The bonuses declared will vest in such policies provided they have been in-force for the full sum assured for a period of 3 years from the date of commencement and are on the books of the Corporation either for full sum assured or in force as on 31.03.2021, with the exceptions mentioned in paras (b) (c) and (d) below. Further, the above condition shall not apply to policies, where by reason of death occurring at any time within the said period of 3 years, claims are payable for full sum assured along with all attached bonuses subject to any special conditions on vesting of bonuses as applicable to that plan.

b) Under individual annuity or pension policies, bonuses will vest provided the policies have been in force for full sum assured / notional cash option, for a period of at least 2 years from the date of commencement and two full years' premiums have been paid.

c) Under Jeevan Amrit Plan (Table No. 186) bonuses will vest under the policy provided at least one year's premiums have been paid and the policy has been in force for a period of at least one year from the date of commencement.

d) For policies with mode of payment of premium other than single premium under new plans introduced on or after 01.01.2014 the bonuses declared under such policies will vest provided at least 3 full years premium have been paid under those policies and are on the books of the Corporation either for full sum assured or in force as on 31.03.2021. Further, the above condition shall not apply to policies, where by reason of death occurring any time before the payment of said 3 full years premium, claims are payable for full sum assured along with all attached bonuses subject to any special conditions on vesting of bonuses as applicable to that plan.

For policies with single premium mode, the declared bonuses will vest immediately and are payable in the manner as specified under terms and conditions of the plan.

e) In case of policies which become reduced paid-up after the date of valuation but before the payment of all the installments of premium for the policy year current as at the date of Valuation, only proportionate bonus is to be allowed in respect of that policy year.

If a participating policy had become reduced paid-up during the period 01.04.2020 to 31.03.2021, (i.e., it was in force for full sum assured as on 31.03.2020 but is in reduced paid up condition as at 31.03.2021) and if the policy had been in force for full sum assured for a period of at least 3 years from its date of commencement, then the bonuses will vest under such a policy at the rates applicable for the period in which it was in force for full sum assured.

f) Under New Jana Raksha (with profit) policy, if at least two years' premiums have been paid and any subsequent premiums be not duly paid and if death occurs during the period of 3 years from the due date of the first unpaid premium but within 3 years from the date of commencement of the policy, the above condition of vesting of bonus will not apply. The bonuses under such policies shall be payable with reference to the number of years for which premiums have been paid.

g) Under Jeevan Madhur (Plan No.182), Child Career Plan (Plan 184) and Child future Plan (Plan 185), if at least two years' premiums have been paid and any subsequent premiums be not duly paid and if death occurs during the period of 2 years from the due date of the first unpaid premium (Auto cover period) but within 3 years from the date of commencement of the policy, the above condition of vesting of bonus will not apply. The bonuses under such policies shall be payable with reference to the number of years for which premiums have been paid.

h) Without profit policies converted to with-profit will participate in profits from the policy anniversary coinciding with the date of conversion i.e. for determining the number of years of bonus payable, the period will be reckoned from the date of conversion. However, bonuses on such policies will vest subject to conditions mentioned above. In respect of conversion on or before 31/12/1998, the qualifying period of 3 years will be reckoned from the date of commencement and the term for determining the Bonus rate will be reckoned from the date of commencement. For conversion from 01/01/1999 onwards, the qualifying period of 3 years for vesting of bonus, the term for determining the bonus rate and the number of years' bonus will be reckoned from the date of conversion.

i) In respect of Children Plans and for minor lives under other Plans the following provisions shall apply:

Notes:

- 1.** In the case of policies with mode of payment of premiums other than yearly, unpaid premiums if any, falling due before the policy anniversary are deducted from the claim amount and hence they should be treated to have been received for this purpose.
- 2.** In case of the Progressive Protection Policies which are in full force, the Final (Additional) Bonus will be based on the sum assured in force on the date of death / maturity, subject to other qualifying conditions mentioned above.
- 3.** For payment of Final additional bonuses - In case of Children's Deferred Assurance Policies (Plans 35 to 42, 49, 50, 80 & 81), the term / duration at death will be reckoned from the deferred date. In case of New Children's Deferred Assurance Policies (Plan 92), the term / duration at death will be reckoned from the risk commencing date. In case of Jeevan Balya (Plan 101), the term / duration at death would be reckoned from the vesting date. In the case of Jeevan Kishore (Plan 102), Jeevan Sukanya (Plan 109), Child Career (Plan 184) and Child Future (Plan 185), the term or duration at death would be reckoned from the date of commencement of the policy.
- 4.** In case of multi-purpose policies in respect of death claims, the Final (Additional) Bonus will be paid only at the end of the original term along with the Reversionary Bonus, subject to other qualifying conditions mentioned above.
- 5.** Where a non-participating policy has been altered to a participating policy, the period of Final (Additional) Bonus both as regards death claims and maturity claims will be reckoned from the date of such alteration.
- 6.** In case of Convertible Whole Life Policy converted to With Profit Endowment Policy after 5 years, the period for Final (Additional) Bonus will be reckoned from the scheduled date of conversion. In respect of Convertible Whole life With Profit Policy (Plan 28) the period will be reckoned from the date of commencement of the policy.

7. In case of Marriage Endowment and Jeevan Chhaya policies, in respect of death claim, the final additional bonus will be paid at the end of the original term along with reversionary bonuses subject to other qualifying conditions mentioned above.

8. In case of policies transferred from UK, Fiji and Mauritius branch registers and also those from LIC (International) BSC (Closed), the term / duration at death for the purpose of Final Additional Bonus will be reckoned from the actual date of transfer of policies to India.

9. With profit policies transferred from the UK, Fiji & Mauritius Registers and also those from LIC (International) BSC (Closed) will be allowed Final Additional at the same rate as applicable to corresponding plans on Indian Registers but duration for such cases for determining the Final Additional Bonus Rates will be reckoned from the date of transfer of such policies on Indian Registers. Such transferred policies for which no corresponding plans exist on Indian Register will be allowed last declared Final Additional Bonus Rates for such policies but again duration for determining Final additional Bonus Rates is reckoned from the date of transfer of such policies on Indian Register.

10. The above rate of Final (Additional) Bonus and qualifying conditions will apply to participating assurance policies of a similar nature issued by erstwhile insurers irrespective of their bonus indices.

11. In case of doubt in respect of any special plan of any of the erstwhile insurers regarding eligibility for Final (Additional) Bonus, reference may be made to Actuarial Department, Central Office giving details of Plan, Benefits, etc.

12. In case of maturity claims, if no premiums have been paid during the last policy year, but the policy was in force for full sum assured on the policy anniversary prior to the maturity date, the claim is paid for full sum assured on the maturity date along with reversionary and interim bonus subject to the deduction of the unpaid installments of premium with interest, if any, for the last year of the Policy. Such policies will be eligible for payment of Final (Additional) Bonus for full sum assured if other qualifying conditions stated herein are satisfied.

13. Where a policyholder discounts the policy within one year preceding the date of maturity, the policy will be eligible for Final (Additional) Bonus provided other qualifying conditions are satisfied.

14. The policies for which death claim is payable as per Claims Concession Clause, the Final (Additional) Bonus would be payable provided other qualifying conditions stated in this circular are satisfied.

Loyalty addition under Jeevan Shiromani (Plan 847) & Bima Shree (Plan 848) for policies exiting as a result of surrender is payable for complete policy years for which premiums have been paid under the policy. In case of death under fully in-force policies, loyalty addition is payable for all the policy years including the policy year in which death of the policyholder takes place. Further loyalty addition in case of death/surrender under a reduced paid-up policy is payable for complete policy year for which premiums have been paid under the policy. Loyalty addition under both the contingencies for fully in-force as well as for reduced paid-up policies are payable once the policy has completed 5 policy years and at least 5 full years' premium have been paid under the policy.

No Loyalty Additions have been declared for any other Plans

b) Surrender: No Loyalty Addition is payable for policies surrendered except Jeevan Saral (Plan 165), Jeevan Shagun (Plan 826), Jeevan Sangam (Plan 831), Jeevan Shikhar (Plan 837), Aadhar Stambh (Plan 843), Aadhar Shila (Plan 844), Jeevan Utkarsh (Plan 846), Jeevan Shiromani (Plan 847) and Bima Shree (Plan 848) in the manner as explained above.

Notes:

1. Jeevan Saral (Plan 165):

Under Jeevan Saral (Plan 165), provided at least 10 years premiums have been paid under the policy and policy has been in force for at least 10 years, the loyalty addition is payable on exits by maturity or death or surrender per thousand maturity sum assured for the complete duration for which the premiums have been paid. Provided further that loyalty addition is also payable if death claim occurs in the 10th year of the policy and the policy then is in full force.

For the purpose of determining the rate of loyalty addition for exits by death or surrender or maturity the duration in completed years for which premiums have been paid shall be considered. For example, if the premiums have been paid for say 11 years and 6 months, the rate of loyalty addition shall be corresponding to 11 years duration and the fraction shall be ignored.

In case the policy results in death claim for the 10th policy year, provided the policy is in force at the time of death, the duration for determining the loyalty addition shall be 10 years.

For exits by death or surrender or maturity, once the rate of loyalty addition for the complete duration for which the premiums have been paid has been determined as above this rate should then be applied on **the higher** of

“Accumulated / Discounted Value as the case may be, as described in Step-5 of the circular ref: Actl./2119/4 dated 21/09/2007 (such accumulated or discounted value calculated on the reduced maturity sum assured in case of earlier partial surrender(s) under the policy)”

and

“The maturity sum assured (reduced maturity sum assured in case of partial surrender(s) under the policy) multiplied by the ratio of the number of premiums paid to the total number of premiums payable under the policy”.

It may be noted that in case of partial surrender, the corresponding benefits should be proportionately reduced.

Needless to add that if all the premiums have been paid under the policy and the policy reaches maturity, the rate of loyalty addition shall be applied on the original maturity sum assured if no partial surrender has been availed of or on such reduced maturity sum assured if partial surrender has been availed of.

2. In the case of policies with mode of payment of premiums other than yearly, unpaid premiums if any, falling due before the policy anniversary are deducted from the claim amount payable on death and hence they should be treated to have been received for this purpose.
3. In case of maturity claims, if no premiums have been paid during the last policy year, but the policy was in force for full sum assured on the policy anniversary prior to the maturity date, the claim is paid for full sum assured on the maturity date along with Guaranteed Additions, reversionary and interim bonus (if any) subject to the deduction of the unpaid installments of premium with interest, if any, for the last year of the Policy. Such policies will be eligible for payment of Loyalty Additions for full sum assured if other qualifying conditions stated herein are satisfied.
4. Where a policyholder discounts the policy within one year preceding the date of maturity, the policy will be eligible for Loyalty Additions provided other qualifying conditions are satisfied. Further, where policyholders surrender the policy in the last policy year and unpaid premiums for the last policy year are recovered in claim settlement, loyalty addition for full policy term shall be payable as per terms and conditions applicable under the plan.
5. The policies for which death claim is payable as per Claims Concession Clause, the Loyalty additions would be payable provided other qualifying conditions stated in this circular are satisfied.
6. The policy under which free insurance cover is available and if death takes place during free insurance cover period, loyalty addition for the period of free insurance cover for which premiums have not been paid would not be payable.
7. With profit policies transferred from the UK, Fiji & Mauritius Branch Registers and also those from LIC (International) BSC (Closed) will be allowed loyalty additions at the same rate as applicable to corresponding plans on Indian Registers. Such transferred policies for which no corresponding plans exist on Indian register will be allowed last declared loyalty addition rates for such policies.

7. Additional interest under Bima Account

Provided the policy is in-force, 2.50% of policyholder account value on the date of maturity or on the date of death during the last policy year for policy term 10, 11 and 12 years has been declared under Bima Account II (Plan 806).

The above rates are applicable on death or maturity during the period commencing 01/01/2022 and ending 9 months from the date of next valuation (i.e. up to 31/12/2022).
